READ ALL INSTRUCTIONS BEFORE USE AND SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CANADA STATEMENT
This device complies with Innovation, Science, and Economic Development Canada License-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with FCC and Canada radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Déclaration d'IC sur l'exposition aux radiations:
Cet équipement est conforme aux limites d'exposition aux radiations définies par le Canada pour des environnements non contrôlés. Cet émetteur ne doit pas être installé au même endroit ni utilisé avec une autre antenne ou un autre émetteur.

WARRANTY – AUSTRALIA (TWO YEAR WARRANTY)

Our Goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled, subject to the provisions of the Australian Consumer Law, to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled, subject to the provisions of the Australian Consumer Law, to have the Goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. This is not a complete statement of your legal rights as a consumer.

FOR NEW ZEALAND:

Our Goods come with guarantees that cannot be excluded under the Consumer Guarantees Act 1993. This guarantee applies in addition to the conditions and guarantees implied by that legislation.

THE WARRANTY

HoMedics sells its products with the intent that they are free of defects in manufacture and workmanship under normal use and service. In the unlikely event that your HoMedics product proves to be faulty within 2 year from the date of purchase due to workmanship or materials only, we will replace it at our own expense, subject to the terms and conditions of this guarantee. The warranty period is limited to 3 months from the date of purchase for products used commercially/professionally.

TERMS AND CONDITIONS:

In addition to the rights and remedies that you have under the Australian Consumer Law, Consumer Guarantees Act of New Zealand or any other applicable law and without excluding such rights and remedies warranty against defects:

1. The Goods are designed to withstand the rigors of normal household use and are manufactured to the highest standards using the highest quality components. Whilst unlikely, if, during the first 30 months (3 months commercial use) from their date of purchase from the Supplier (Warranty Period), the Goods prove defective by reason of improper workmanship or materials and none of your statutory rights or remedies apply, we will replace the Goods, subject to the terms and conditions of this warranty.

2. We do not have to replace the Goods under this Additional Warranty if the Goods have been damaged due to misuse or abuse, accident, the attachment of any unauthorized Positive Vibration BTd accessory, alteration to the product, improper installation, unauthorized Positive Vibration BTd repairs or modifications, improper use of electrical/power supply, loss of power, malfunction or damage of an operating part from failure to provide manufacturer's recommended maintenance, transportation damage, theft, neglect, vandalism, environmental conditions or any other conditions whatsoever that are beyond the control of HoMedics.

3. This Warranty does not extend to the purchase of used, repaired or second-hand products or to products not imported or supplied by HoMedics Australia Pty Ltd, including but not limited to those sold on offshore internet auction sites.

4. This Warranty extends only to consumers and does not extend to suppliers.

5. Even when we do not have to replace the goods, we may decide to do so anyway. In some cases, we may decide to substitute the goods with a similar alternative product of our choosing. All such decisions are at our absolute discretion.

6. All such replaced or substituted goods continue to receive the benefit of this Additional Warranty for the time remaining on the original warranty period (or three months, whichever is the longest).

7. This Additional Warranty does not cover items damaged by normal wear and tear including but not limited to chips, scratches, abrasions, discoloration and other minor defects, where the damage has negligible effect on the operation or performance of the goods.

8. This Additional Warranty is limited to replacement or substitution only. As far as the law permits, we will not be liable for any loss or damage caused to property or persons arising from any cause whatsoever and shall have no liability for any incidental, consequential or special damages.

9. This warranty is only valid and enforceable in Australia and New Zealand.

MAKING A CLAIM:

In order to claim under this Warranty you must return the goods to the supplier (place of purchase) for replacement. If this is not possible, please contact our customer service department by email: cservice@homedics.com.au or at the address below.

All returned goods must be accompanied by satisfactory proof of purchase which clearly indicates the name and address of the Supplier, the date and place of purchase and identifies product. It is best to provide an original, legible and unmodified receipt or sales invoice.

You must bear any expense for return of the goods or otherwise associated with making your claim under this Additional Warranty.

CAUTION

- Risk of explosion if the battery is replaced by an incorrect type
- replacement of a battery with an incorrect type that can defeat a safeguard (for example, in the case of some lithium battery types).
- disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
- a battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
