Dear Sirs,

FCC Submission PW9R8061 – Product name

This submission is made in respect of the radio apparatus element of this product. The product is referred internally within E2V Technologies as REDS 2, but will ultimately be marketed by Scott Safety Systems as SEMS. Items within this submission may refer to either designation, which should be taken as synonymous for the purposes of this submission.

The final product also includes an air gauge manufactured by Wika, and data bearing that name is included in relation to that component.

Yours faithfully,

Neil R. Barker
Compliance Engineering Manager
