Subject: Confidentiality Request for FCC ID: PX2- GMIPG1

Pursuant to FCC 47 CRF 0.457(d) and 0.459, the applicant requests that the following exhibits submitted with this Class II Permissive Change application be held confidential.

Type of Confidentiality Requested		Exhibit
☐ Short Term	☒ Permanent	Bill of Materials
☐ Short Term	☒ Permanent	Schematics
☐ Short Term	☒ Permanent	Internal Photos

Abbott Neuromodulation has spent substantial effort developing this product to showcase significant features and improvements from current products. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public. The internal circuitry is not accessible to the user and is permanently housed within a hermetically sealed titanium enclosure.

Sincerely,

By: 

Manasi Khare

(Director, Regulatory Affairs Neuromodulation)
