A photograph of a Raspberry Pi 4 Model B printed circuit board (PCB) lying on a blue surface. The board is green and populated with various electronic components. Key features visible include the Broadcom SoC, 4GB of LPDDR4-3200 RAM, and a USB Type-C port. The board is oriented vertically, with a ruler placed horizontally at the bottom for scale. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The board's dimensions are approximately 85mm by 104mm. The text "Raspberry Pi 4 Model B" and "4GB" are visible on the board. The board is connected to a USB Type-C cable.
