EUT- Main Board Top Shielding off View

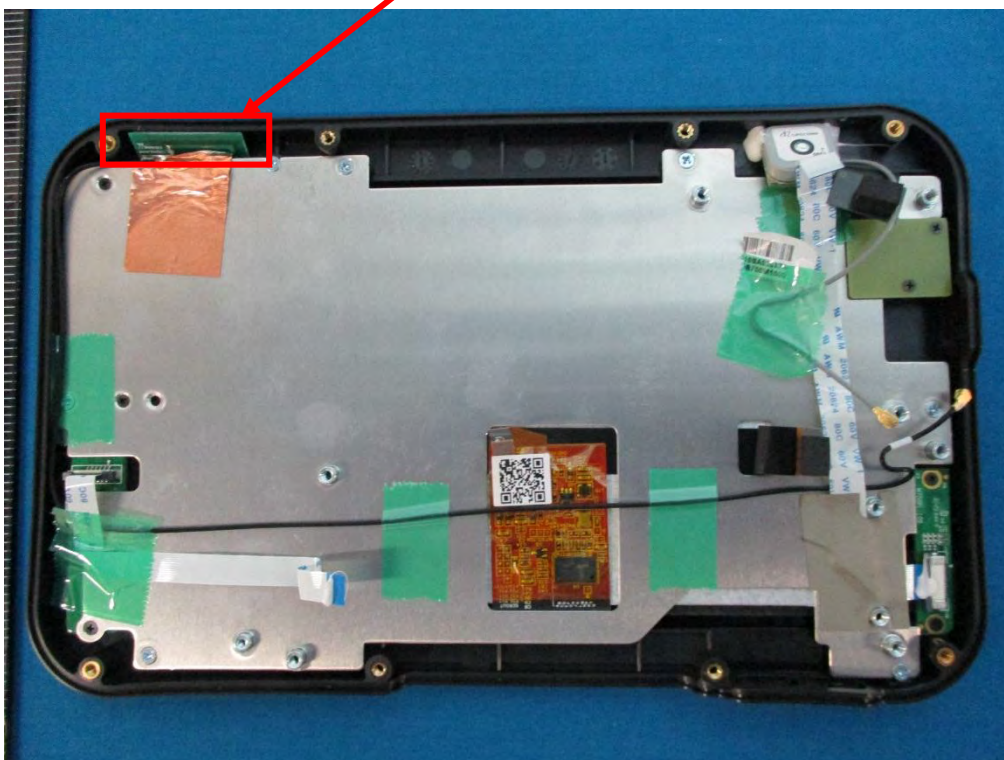

The image shows a blue PCB with various components. At the top left, there's a black connector labeled "DPOX-T". Below it, text reads "M700DM8 V.110". To the right of the connector, there are several integrated circuits and smaller components. A ruler at the top shows measurements from 0 to 60 mm. On the right side, there's a large silver component, possibly a battery or a large capacitor, with text "M700DM8 V.110" next to it. A ruler at the bottom shows measurements from 0 to 10 cm. Other labels include "SH2", "SH1", "SH3", "SH4", "PROMS", "PRGX-T", "WANT GND", and "M700DM8".
