

In

Dear Tim,

For Q#1, I had added some description about PCMCIA card on page 4 in the revised manual.

For Q#2, the mentions about no co-location on page 4 in the manual have been delete. And I'd also added some discretion about PCMCIA on the same page.

For Q#3 and 4, please check the revised RF Exposure I'd uploaded today.

For Q#5 and 6, I'd correct the 20dBm to 15dBm in the latest operational principle and added some statement about the PCMCIA Card.

If there is any question please let me know ASAP.

Thank you very much.

Best Regards,
Ivy
