

WELCOME TO A SUPERIOR CLASS OF WIFI. LET'S GET STARTED.

NIGHTHAWK®

1

Download the Nighthawk app to install your router

On your mobile phone, scan the QR code to download the Nighthawk app and follow the setup instructions.

2

Check your network security with NETGEAR Armor™

NETGEAR Armor protects your family's WiFi with an automatic shield of security across your connected devices.

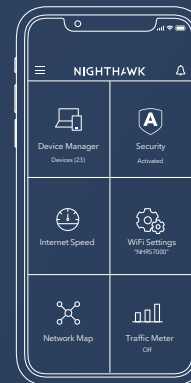

Tap the **Security** tile in your Nighthawk app to explore your Armor subscription and protection score.

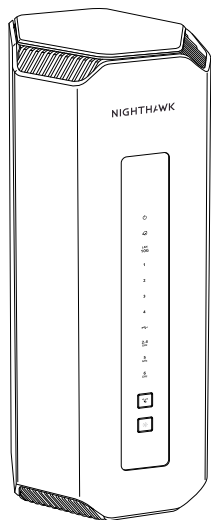

3

Do more with the app

Check out everything you can do on the Nighthawk app! Run a speed test, pause the Internet, see all the connected devices, and more.

- 12 Power on/off button
- 13 10G Ethernet LAN port
- 14 Gigabit LAN ports
- 15 USB port
- 16 10G Internet port
- 17 Power connection

NEED HELP?

If you have any trouble setting up your Nighthawk router, try these suggestions:

- If you already own another NETGEAR router and you used the Nighthawk app before, go to the dashboard and tap  > **SET UP A NEW NIGHTHAWK SYSTEM** to install your new router.
- Turn off your modem and router and disconnect them. Reboot your modem. Reconnect your router to your modem and try installing with the Nighthawk app again.
- If you're still unable to install your router using the Nighthawk app, manually install it using the router web interface at <http://www.routerlogin.net>.
