**Declaration Letter for
Client Devices**

We, **NETGEAR, INC.**, attest that this device under **FCC ID: PY326200664** complies with device protocol requirements and operational restrictions for Client Devices.

- a) This device will only associate and connect with an indoor access point or subordinate device and never directly connects to other client devices.
- b) Client devices must be under control of an U-NII-4, Indoor access point or subordinate device.
- c) Clients shall passively scan to associate with access point or subordinate.
- d) Device may exist situations where the client may transmit brief messages, prior to being under the control of an AP, to join an AP network. But these brief messages will only occur if the client has detected a signal confirming that an AP is operating on a particular channel. These brief messages will have a time-out mechanism if it does not receive a response from an AP.
- e) Clients cannot have a direct connection to the internet to source the internet to other clients, access points, subordinates or clients from a wired or direct connection.
- f) We acknowledge this device is subject to and in full compliance with the device restrictions listed below. All users are notified of these restrictions through the user manual.
 - A statement in a conspicuous location on the device and the user's manual: "Section 15.19 Statement (if not on the device)"

If you should have any questions regarding this declaration, please do not hesitate to contact us, thank you!

Sincerely yours,
