

Appendix D

Photographs

1. SAR measurement System
2. Photographs of Tissue Simulate Liquid
3. Photographs of EUT test position
4. EUT Constructional Details
5. DUT Antenna Locations

1. SAR measurement System

2. Photographs of Tissue Simulate Liquid

Photo 1: Tissue Simulant Liquid for HBBL600-10000MHz	NA
 A photograph showing a cross-section of a curved, translucent container filled with a yellowish, viscous liquid. A metal ruler is placed vertically against the container to provide a scale. The ruler markings show centimeters, with the liquid level reaching approximately 10 cm. The container has a blue outer rim.	NA

3. Photographs of EUT test position

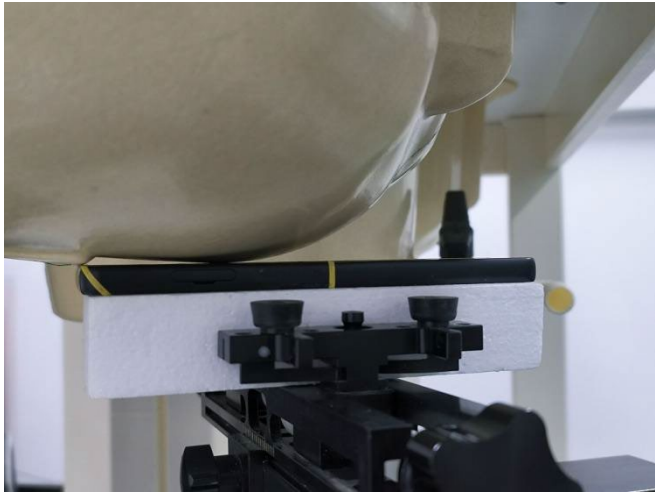

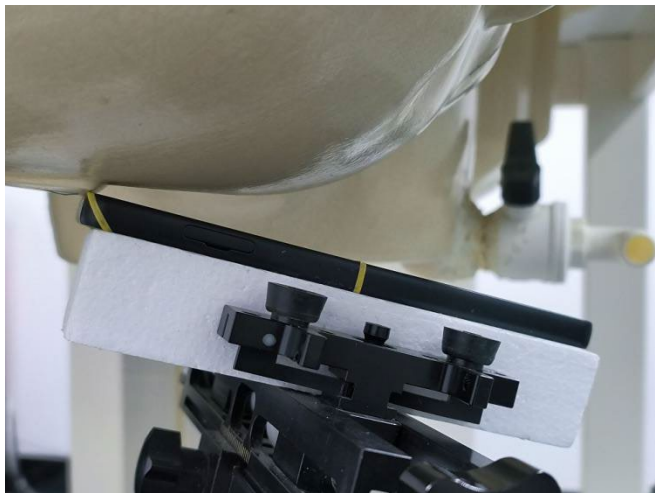

Photo 2: Left Cheek	Photo 3: Left Tilted
 A close-up photograph showing the left cheek of a test subject (a mannequin head) positioned against a black and white fixture. The fixture has several black adjustment knobs and a white base. The subject's head is tilted slightly to the left.	 A close-up photograph showing the left cheek of a test subject (a mannequin head) positioned against a black and white fixture. The fixture has several black adjustment knobs and a white base. The subject's head is tilted more significantly to the left compared to Photo 2.
Photo 4: Right Cheek	Photo 5: Right Tilted
 A close-up photograph showing the right cheek of a test subject (a mannequin head) positioned against a black and white fixture. The fixture has several black adjustment knobs and a white base. The subject's head is tilted slightly to the right.	 A close-up photograph showing the right cheek of a test subject (a mannequin head) positioned against a black and white fixture. The fixture has several black adjustment knobs and a white base. The subject's head is tilted more significantly to the right compared to Photo 4.
