## Class II Permissive Change

**Applies to FCC ID: PY7AC052011**

Sony Ericsson Mobile Communications AB herewith submits items for a Class II Permissive Change of our mobile phone Z520i, FCC ID PY7AC052011

### Description of Change:

- Removed exposed service points on TVK.
- Nudge of shearing antenna parts, in addition to the movement, the component values of the Z520i have changed.
- Shift of sidekey connector components.
- Adjust solder stencil on battery connector and of ROA spring connectors.
- Unused antenna spring not mounted.
- Memory change.
- RF output power level change for EGSM 900.

New test reports for FCC Part 24 and SAR are submitted together with this application.
