

Class II Permissive Change Request for WLAN 5.8GHz hotspot feature - PY7PM-0590

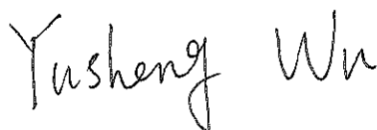

Applies to

Product	Type number	FCC ID
C6916	PM-0590-BV	PY7PM-0590

Sony Mobile Communication hereby applies for a Class II permissive change in order to add WiFi hotspot feature on 5.8GHz to our already certified product C6916, FCC ID: PY7PM-0590.

The applied frequency band is U-NII-3, channels 149, 153, 157, 161 and 165 (5.725-5.825 GHz).

This is software feature change and the HW remains identical to the initial approval.
