Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0001
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0002
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0003
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0004
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0005
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0006
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0007
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0008
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0009
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0010
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0011
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0012
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0013
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0014
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0015
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0016
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0017
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0018
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0019
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA

Matrics™ Stationary Reader Part No.: RDR-MP-001 FCC ID: PYFRDRMP001

Serial No.: 0000-0000-0000-0020
Hardware No.: 10002000-001 Node Address: _____

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. MADE IN USA
