Date: September 1, 2004

Gentlemen:

3Si Security Systems respectfully requests confidentiality of certain materials provided with the submission of the Octopus ATM Security System under FCC ID: Q6K 1000-7251 in accordance with FCC Regulations 0.459. The confidentiality request applies to the Bill of Material & Schematics contained in this filing. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Mitchell L. Ingle
