KarlNet

Theory of Operation

KarlNet, Inc. utilizes the PRA-0005 (FCC ID:Q7O-0003) 802.11b Radio card to incorporate them into various end-items, which are sold throughout the wireless-data industry through OEMs, channel partners, and direct sales. These products include, but not limited to, Wireless-Base Stations and Wireless-Clients forming the core of a point-to-multipoint outdoor wireless networks. The following diagram illustrates typical KarlNet, Inc. provided end-items that utilize this modular certification.
