Attn: FCC Laboratory, Richard Fabina

Dear Mr. Fabina

G-Wave Incorporated is the original designer and manufacture of the equipment for the transfer in control. We sold our units to Coverage Solutions Corp. under their private label. CSC attained the FCC acceptance grant for these units. Recently, CSC and G-Wave have agreed to sell the units only under the G-Wave label. CSC will be in a representation role for G-Wave, not private label. Hence, G-Wave wants to accept responsibility for control of the stated units, since they will carry our label only.
