TWS (True Wireless Stereo) Function

The TWS Technology allows you to pair two SOUND STAGE PRO speakers together to create a 3D Sound Stage with Digital Signal Processing that moves the music back and forth for an immersive experience.

TWS connection operation

1. Place the two speakers near each other (the distance should not be over 10 meters).
2. Turn on both speakers, Press and hold the + ○ buttons simultaneously about one second on one of the speakers as Left speaker (playback left channel) the LED indicator will be fast blinking blue and green, then turn on the 2nd speaker and they will pair to each other automatically (The 2nd speaker will be controlled by the 1st speaker.
3. Once paired, the Left speaker LED indicator will slowly flash blue signaling you to now pair the speaker to your device. For iPhone go to Settings, then Bluetooth and select BT8850DSP.

Disconnect the TWS connection

Double click + ○ button on one of the speaker until LED Indicator fast blinking blue to disconnect the TWS connection.

Listening to music from external audio source

1. Power on the speaker.
2. Using the AUX Cable(φ3.5mm), connect your external device to AUX-in port on speaker.
3. It will automatically turn to AUX-in mode, the LED Indicator turns solid green.

Note: Under AUX-IN mode, skip songs and speakerphone function are not workable.

IPX7 Waterproof

IPX7 waterproof protection safeguards against rain, snow, and spills, even the outdoor speaker can be fully immersed up to 3ft for about 30 minutes underwater. Perfect for showering, hiking, camping. No worries about weather and outdoor condition, be the Rocker on your trip.

Reset the speaker: If the function buttons are not working, disconnect the charging cable, place a small pin(Φ<3mm) into the reset key and hold it for 2 seconds until the LED light off.

Specifications

- Bluetooth Version: 5.3
- Suport:A2DPV1.2,AVRCPV1.4,HPV1.6,HSPV1.2
- Wireless work distance:10meters
- Output Power: 35W
- Driver Unit: 52*91mm, 4Ω, 40W
  φ25mm,6Ω, 10W
- Frequency response: 100Hz-20kHz
- Signal-to-noise ratio: ≥70dB
- Battery type: Lithium-ion (7.2V/2900mAh)
- DC input voltage/current: Type-C USB 5V/0.5A-2A
- Playtime: 4-15 hours (varies by volume level and content)
- Battery charge time: 4.5 hours
- Dimensions: 217*86*84.5 mm
- Weight: 733g±30g

Federal Communications Commission (FCC) Statement.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1)This device may not cause harmful interference, and
(2)this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

•Reorient or relocate the receiving antenna.
•Increase the separation between the equipment and receiver.
•Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
•onsult the dealer or an experienced radio/TV technician for help.
Warning: Changes or modifications made to this device not expressly approved by SHENZHEN WEIKING TECHNOLOGY CO.,LTD may void the FCC authorization to operate this device.
Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user’s authority to operate the equipment.
RF exposure statement:
This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.
