A photograph of a green, irregularly shaped printed circuit board (PCB) with various electronic components. The board is mounted on a blue surface. Key features include a large silver heat sink in the center, a black integrated circuit (IC) in the lower-left, and several smaller components like capacitors and resistors. The board has a complex layout with numerous solder points and traces. The text "P20051 Rev. B3 10/11/2008" is visible on the right side of the board.
