To Whom It May Concern:

Pursuant to Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we hereby request that the following attachments be held as confidential and withheld from public disclosure indefinitely:

- Schematic Diagram
- Block Diagram
- Theory of Operation
- Software Security Requirements Cover Letter

The above-mentioned documents contain detailed system and equipment information that is proprietary to the operation of the equipment. Public disclosure of these materials could be harmful to our company and provide competitors with an unfair advantage.

In addition, pursuant to Public Notice DA 04-1705 of the Commission's policy, and to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, we request short-term confidentiality for the following exhibits for a period of 180 days from the grant date:

- External Photos
- Internal Photos
- Test Setup Photos
- User Manual

This request ensures that business-sensitive information remains confidential until the product is available for marketing.

We understand that all measurement test reports, FCC ID label format, and correspondence during the certification review process cannot be granted confidential treatment and that this information will be made available for public review upon grant of equipment authorization.
