Before You Start

Install the latest ActivDriver from www.prometheanplanet.com.

Install the latest version of ActivInspire from www.prometheanplanet.com.

Installing the Battery

Binding the Digital Pen

Getting Started

Binding the Digital Pen

NOTE:

The digital pen can be recognised when it is held near to the board. Do NOT put the pen close to the board when using touch.

Pen and Touch can not be used at the same time.

Attaching and Storing the Pen

NOTE:

When fitting the holder the Promethean logo is to the back.

The pen **MUST** be stored in the supplied holder when not in use to preserve battery life.

Locate the pen in the holder as shown.

Using with ActivInspire

Replacing the Nib

Compliance

Model Type: PRM-AS1-01

United States of America

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this equipment not expressly approved by Promethean may void the user's authority to operate this equipment.

For non-intentional radio parts, this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installations. If this equipment does cause harmful interference to radio or television. Which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

I.T.E

Canada

This device complies with RSS-210 of Industry Canada and is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this equipment not expressly approved by Promethean may void the user's authority to operate this equipment. This Class B digital apparatus complies with Canadian ICES-003.

Français

Ces équipements sont conformes à la norme CNR-210 d'Industrie Canada. Leur utilisation est subordonnée aux deux conditions suivantes:

- Ces appareils ne doivent pas causer d'interférence dommageable.
- Ces appareils doivent pouvoir accepter toute interférence reçue, y compris les interférences susceptibles de compromettre le fonctionnement des dispositifs.

Toute modification apportée à ce dispositif sans l'autorisation expresse de Promethean pourrait annuler la licence d'utilisation accordée à l'utilisateur. Ce dispositif numérique de la classe B est conforme à la norme NMB-003 du Canada.

United Kingdom

Declaration of Conformity

Promethean hereby declare that the device is in compliance with the essential requirements of the R&TTE directive 1999/5/EC. Please contact Promethean for a copy of the Declaration of Conformity if required.
