0.457 and 0.459 Request that submitted material be withheld from Public Inspection

It is requested that the following material be withheld from public inspection:

Technical Description of 4065/8A ProxPoint OEM Module, Circuit Functions, how the device operates, Ground System, and Antenna.

Block Diagram

Schematic

These materials are considered HID Corporation Proprietary and Confidential.

Revealing the fundamental design for the product to the public and our competition would put us at a competitive disadvantage.

We feel we have a product cost/design advantage over our competition with our ProxPoint Proximity Readers and therefore ask that the above specified materials be withheld from public inspection.

We also ask that the above information be withheld from the OEM incorporating this module into his design.

A handwritten signature in black ink, appearing to read "Frank de Vall".
