Subject: Two new applications Ngai Keung and C.Art Limited

Hi Alice,

I have reviewed all and below are the issues:

1. Ngai Keung - a small one - there is a typo in the 15.19 statement on the label. Could you correct and send back? I have already forwarded info for technical review, so this isn't being held up for this. But we want to correct it so that the FCC does not make an issue of it.
2. C.Art Limited - The label that you sent for this one is incorrect (it states someone else ID). Therefore along with correcting this, please confirm that the location exhibit that you sent is the correct one. Those are attached. Thanks.

Regards,

Marianne
