Confirmation of Cancelling Project

To whom it may concern:

We would like to cancel this project. However we are sure the device had never been placed on the market in the U.S. The project is still in the stage of R&D, so the device are not sold in USA.. We haven't marketed any products and don't intend too and the product will be modified and we would like it dismissed so the same FCC ID can be used again.

Sincerely,

Richard Hsu / Deputy Manager
