Subject: Re: PLANET TOYS - LABEL LOCATION
Hello Sid & Sharon,

1. Planet Toys/FCCID: QG33270T27 (Ref: 1347HT3) -
 - a. Uploaded
Digital Photos of New Outlook,
Revised FCC ID Label Location,
FCC ID Label,
Instruction Manual with Warning Statement of FCC ID Label
as [QG33270T27 20030929.zip \(2144365\)](#) to you today. Pls check.
 - b. Cust said that the samples (which were rec'd by TEI) are
hand-made samples for TESTING ONLY. They will produce it which
like new outlook (as Digital Photos of New Outlook) so there
are no enough space for label locations. It is because
silver rear part are battery covers. They only can place the
FCC ID Labels (as Revised FCC ID Label Location).
Therefore, the instruction manual contains the two part
warning statement. [Do you understand?](#)

If you have any query, please feel free to contact me.

Best Regards,

Gilbert Lui
TIMCO ENGINEERING, INC.
