

Correspondence Summary Q & A

August 19, 2003

SUBJECT: KONDO KAGAKU CO., LTD. - FCC ID: QH9EX-10

~~~~~

TCB - Question: Part 95.645(b) requires that plug-in crystals must not be accessible by the end-user. Please, demonstrate compliance with this section.

Applicant - Answer: “Kondo Kagaku has actually designed aluminum plate to cover oscillator module so that consumers cannot change crystal, and they want to use this method for this model at their actual production.”
