Re: FCC ID: QHC-KVEVZE41

To Whom It May Concern:

The following application is submitted on behalf of our client, Itron, for evaluation of their model 570974-001 for certification under FCC Part 15.247 for a limited modular approval.

The 570974-001 is a module that is designed to be integrated into 2S, 3S, 4S, 9S, 12S, 16S and 45S electric utility meter forms. The 570974-001 includes (1) 900 MHz FHSS radio, (1) HAN 802.15.4 2.4 GHz Zigbee module and an on-board Sierra Wireless CDMA modem SL5011, FCC ID: N7NSL5011 / IC: 2417C-SL5011. The Sierra Wireless CDMA modem SL5011 is modular approved and not covered under the scope of this filing.

The 570974-001 is designed to be integrated into 2S, 3S, 4S, 9S, 12S, 16S and 45S electric utility meter forms and be collocated and transmit simultaneously with the on-board Sierra Wireless CDMA modem SL5011 (FCC ID: N7NSL5011 / IC: 2417C-SL5011).

The 570974-001 was tested in full to the requirements of the aforementioned rules and was found to be in compliance. The 570974-001 was also evaluated for intermodulation products due to simultaneous transmissions and found compliant.

Sincerely,
