Re: FCC ID: QHC-OW35SE

To Whom It May Concern:

The following application is submitted on behalf of our client, Itron, for evaluation of their model 574023 for certification under FCC Part 15.247 for a limited modular approval certification.

The 574023 is a module that is designed to be integrated into 1S, 2S, and 12S electric utility meter forms. The 574023 includes (1) 900 MHz FHSS radio and an on-board Sierra Wireless LTE modem HL7518, FCC ID: N7NNH7518. The Sierra Wireless LTE modem HL7518 is modular approved and not covered under the scope of this filing.

The 574023 is designed to be integrated into 1S, 2S, and 12S electric utility meter forms and be collocated and transmit simultaneously with the on-board Sierra Wireless LTE modem HL7518 (FCC ID: N7NNH7518) and separate Itron module ITR24 FCC ID: SK9ITR24 / IC: 864G-ITR24.

The 574023 was tested in full to the requirements of the aforementioned rules and was found to be in compliance. The 574023 was also evaluated for intermodulation products due to simultaneous transmissions and found compliant.

Sincerely,
