Re: Class II Permissive Change:
FCC ID: QHKLSA2ANT

Gentlemen,

The Attached application is for a class II permissive Change to the library stack antenna (FCC ID: QHKLSA2ANT)

The change involved is the addition of a new antenna casing.
LSA3 antenna is based on LSA2 antenna only casing change. The plastic frame of antenna is replaced by a metallic frame.

Note that the electrical matching & tuning circuit and Antenna coil are unchanged.

Sincerely,

A handwritten signature in black ink, appearing to read "Franck D'ANNUNZIO". To the left of the signature is a small, stylized icon of a hand pointing to the right.
