## CONFIDENTIALITY REQUEST for Certification Service in USA

To Whom It May Concern:

Pursuant to Paragraphs §0.457 and 0.459 of the Commission's Rules (47 C.F.R.) and Section §552(b)(4) of the Freedom of Information Act, we requests confidentiality for the following products:

FCC ID: **QIPEMS31-V**  
Model Name: **Cinterion EMS31-V**

For the product stated above, we request permanent confidentiality for exhibits which contain:

1. Block Diagram
2. Schematics
3. Part List
4. Tune Up procedure
5. Operational Description

These items contain detailed system and equipment description and related information about the product which Gemalto M2M GmbH considers to be proprietary, confidential and a custom design which otherwise would only be released to qualified tech and is not released to the general public. Since this design is a basis from which future technological product will evolve, Gemalto M2M GmbH also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Sincerely,

Axel Heike  
Certification Manager
