Request for Single Limited Modular Approval
FCC ID: QISE353S-6

Huawei Technologies Co., Ltd. hereby requests a Single Limited Modular Approval for its application with FCC ID: QISE353S-6 granted on 2011-5-24 according to KDB 996369 D01 Transmitter Module Equipment Authorization Guide

- 1) The module has its own RF shielding
- 2) The module has digital input buffer
- 3) The module has its own power supply regulation
- 4) The module has been tested with its built-in fixed antenna
- 5) The module will be labelled with its own FCC ID number
- 6) The module complies with all applicable FCC rules. Instructions for maintaining compliance are given in the user instructions
- 7) SAR was tested according KDB 447498 D02 SAR Procedures for Dongle Xmtr. It was tested for SAR compliance for use in notebook computers with connector configurations as described in this filing. Highest measured SAR was below 1.2 W/Kg. Approval shall be limited for use with notebook computers with substantially similar physical dimensions, construction, and electrical and RF characteristics.

If you have any questions, please feel free to contact us at the address shown below

Sincerely,
For and Behalf of:
Huawei Technologies Co., Ltd.
