Notes for Settings & Preferences
For descriptions of features and functions available when connected to SmartCord Live with ESCORT Live visit [EscortInc.com](#) and download the SmartCord Live user manual for your iOS or Android OS smartphone. Also visit [Escort.Inc.com](#) for the PASSPORT Max Owner's Manual.

To view serial number and software revision press MRK and MUTE while powering on detector.

To restore PASSPORT Max to its original factory Settings, press and hold SEN and BRT while turning the power on. A "Restored" message will display, acknowledging the reset.

Software Updates
PASSPORT's red light and speed camera database is easily updated using our exclusive detector software tools found on our web site. Firmware, or the operating software for the detector, can also be updated using these tools.

In order to have access to these updates, you must register your PASSPORT at [www.EscortRadar.com](#). Once registered, you will receive email notifications that updates are now available for your database or firmware. To handle your software and DEFENDER updates you need to connect your Max to a computer first. You can connect Max to a computer via USB/USB Mini B cable.

PASSPORT MAX

High Definition Radar Performance

Pre-loaded DEFENDER Database

Compatible with
ESCORT
((Live!))

RADAR • LASER • SAFETY CAMERA • DETECTOR

Quick Reference

Congratulations

You've just purchased the first and only radar/laser detector to offer high-definition (HD) performance and accuracy—the all new **PASSPORT Max**.

Go to EscortInc.com for full featured Owner's Manual.

PASSPORT Max Features

- PASSPORT Max's HD Performance accurately identifies real threats sooner than any other detector, providing more advanced warning when you need it.
- PASSPORT Max's GPS location-based intelligence automatically locks out false alerts and allows you to mark locations for future reference.
- PASSPORT Max gives you access to ESCORT's DEFENDER Database, which warns you of verified speed traps, speed cameras, and red light cameras.
- Plus, it's compatible with ESCORT Live, our exclusive real-time ticket-protection network, which warns you of upcoming alerts received and reported by other users in the area, and gives you access to local speed limit data for over-speed alerts.*

*Requires Optional SmartCord Live and app subscription.

HIGH DEFINITION RADAR PERFORMANCE

Installation

Mounting Tips:

- Center of windshield between driver and passenger.
- Ensure clear view of road ahead and sky above.
- Avoid windshield wipers and heavily tinted areas.

To mount PASSPORT Max in your vehicle:

- 1 Remove backing from StickyCup mount.
- 2 Firmly press StickyCup onto windshield and flip locking clamp to secure.
- 3 Slide PASSPORT Max mounting slot onto mounting bracket and push back gently to lock into place.
- 4 To adjust view, loosen thumb wheel and adjust angle of mounting bracket. Tighten thumb wheel to secure.

- 5 To remove detector, press mount release button on PASSPORT Max and slide device off mount.
- 6 To remove mount from windshield, release locking clamp and pull tab on top of StickyCup.

StickyCup Care Instructions:

To clean your StickyCup, simply rinse under warm water, gently wipe off any debris and allow to air dry.

Controls & Features

Using PASSPORT Max

- 1 Plug small end of SmartCord into modular jack on PASSPORT Max and large end of SmartCord into your car's lighter/accessory socket.
- 2 PASSPORT Max should power on automatically. If not, press the device's power button.
- 3 Upon initial power-up, PASSPORT Max will ask you to confirm some basic Settings and Preferences. Press MRK button to scroll through and OK these Settings (or press VOLUME + and - to edit).

NOTE: You can easily access and customize all of your Settings and Preferences by pressing and holding the MRK and SEN buttons. See Settings & Preferences for details.

- Earphone Jack**
Connects to optional 3.5 mm stereo carphone.
- Modular Jack**
Connects to SmartCord for powering your device
- Mini USB Jack**
Connects to your computer via USB A/mini B cable for downloading software updates

Using SmartCord

- Mute Button: Press to mute an alert; press three times to lock out a false alert; press twice while receiving a locked-out alert to unlock.
- Alert Light: Blinks orange when receiving an alert.
- Power Light: Lights blue when receiving power.

- Modular Connector**
Plugs into detector jack
- Lighter Adapter**
Connects to lighter/accessory socket

MRK
To mark a location for future alerts, press MRK twice, then VOL + or - to select the type of marker, then MRK again to confirm. Press twice while receiving marker alert to unmark

Display
OverSpeed alert setting that can be adjusted in Preferences. Speed limit data will show here when connected to ESCORT Live

Pairing with your iPhone

DRAFT

To pair your iPhone with Passport Max :

1. Ensure Passport Max power is ON.
2. On your iPhone, enter the Settings menu.
3. Tap **General**, then **Bluetooth**.
4. Ensure Bluetooth is ON.
5. Passport Max should appear under devices.

6. Tap **Passport Max** to pair the device to your iPhone. Connected will display to right of Passport Max if your BT connected.

Downloading ESCORT Live

1. Enter the iTunes App Store on your iPhone and search for ESCORT Live.

ESCORT Live available in iTunes App Store

2. Follow the onscreen instructions to download.

When prompted, enter the username and password you created when registering your Passport Max w BT device.
