

Date: September 5, 2002

To: FCC Equipment Authorization Branch and Elite Engineering

Subject: Application for Certification, FCC ID QKS-CD1201
And Request for Confidentiality per 47CFR §0.459

Ladies and Gentlemen:

Sophia Communications, Inc. hereby submits in the form of the attached exhibits, information pursuant to obtaining a grant of Certification for its Model CD-1201 DataTracker mobile data transceiver under the trade name CX2 Technologies.

Sophia Communications, Inc. respectfully requests that the following portions of its application for certification be kept confidential: Circuit Description, Schematic diagrams, Block diagrams, Parts list.

Sophia Communications, Inc. views the above named records to be proprietary trade secrets which it attempts to competely block from public view. Public release of those documents on the FCC website or other means of disclosure could harm its competitive position in the radio telemetry industry and would be detrimental to its potential business success.

Sincerely,

Thomas P. Houck

Thomas P. Houck
President
Sophia Communications, Inc.
