Re: Request for Confidentiality

Gentlemen:

In reference to the application under FCC ID QM4-300-00008 and pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules, GameTech International, Inc., the applicant, hereby respectfully requests confidential treatment of the accompanying information as outlined below:

Schematics

Block Diagrams

Theory of Operation

These documents contain detailed system and equipment description and related information about GameTech's product(s) that GameTech considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, GameTech considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market. In addition, GameTech requests that if you are contacted by any third party about any of this information, you notify GameTech immediately and that you refrain from disclosing the information.

Thank you for your consideration.

Sincerely,

Mark P. Lowell
Vice President, Research and Development
