Subject:

Multi listing and Use of Lambda62 (module model#) documentations and FCC reports
(modular FCC ID: P9OLAMBDA62)

To whom it may concern:

Dear Sir or Madam:

Heat-Timer Corporation has obtained an agreement from the RF Solutions to multi-list RF Solutions product LAMBDA62's FCC ID (P9OLAMBDA62, granted on 8/31/2020) under the Heat-Timer Corporation's FCC ID: QPI-RFMODULE02, with the condition that there is no change in the design, circuitry, or construction. The original test results continue to be representative of and applicable to this equipment.

Heat-Timer Corporation also has obtained an agreement from the RF Solutions to use the Lambda62 construction documentation (schematics, BOM, Block diagrams, etc.) and the FCC reports, that must remain permanently confidential, for FCC certification of Heat-Time Corporation's RF MODULE02 (900371-00) product with new FCC ID: QPI-RFMODULE02.

Heat-Timer Corporation may use modular test reports along with all necessary documentation pertinent to RF Solutions radio module Lambda62 and is authorized to use the company name "RF Solutions", product name "Lambda62" solely for the certification process of RF MODULE02 (900371-00) which have the RF Solution's Lambda62 embedded.

The Test Reports supplied by RF Solution to the FCC for our submission for grant are still representative of Lambda62 manufactured today.

If you have any questions or concerns feel free to contact me.

Regards,

Carlos Urbina
