Dear Sir/Madam,

Reference: FCC ID: QQY-8V00GH40001
Subject: Request for Confidentiality for FCC Certification Application - M021022
Company: Australian Arrow Pty. Ltd.
Test Sample: GMX281 Remote Key Assembly
Product Type: Low Power Transmitter (intentional radiator)

Pursuant to Rule 47 CFR, Chapter 1, Section 0.457(d)(1)(ii), Australian Arrow Pty. Ltd. requests that prior to the equipment authorization grant for the GMX281 Remote Key Assembly, the entire application be classified and deemed confidential by the Federal Communications Commission (FCC) and as such be withheld from public inspection.

As per 47 CFR, Chapter 1, Section 0.457, the exhibits tendered for the purpose of this grant, contain details of trade secrets and technical data that is not made available to competitors and the general public. This information is treated in a confidential manner by Australian Arrow and guarded from disclosure to our competitors.

The exhibits outlined below are not routinely made available to Australian Arrow staff, with such access granted only to those specifically involved with this particular project. They contain information detailing the unique technology and circuitry of the product that would be of significant benefit to our competitors. All employees treat this technical data in a confidential manner.

The manufacture of this product has taken place after an extensive research and development process that has seen the company invest a considerable amount of time and money. The time and effort taken has enabled the product to meet the specific demands of the competitive market for which it is intended and it would be therefore detrimental to allow competitors easy access to design and development details.
