Installing the Ribbon

Open print-gap lever fully open. To remove the old ribbon, squeeze both of the ribbon's tabs and lift the ribbon straight out of its carriage.

Be careful of the print head during this operation.

When placing the new ribbon cartridge on the carriage, make sure that the thin ribbon does not become bunched or folded at the print head.
Readjust the print gap to achieve good print quality.

To install the ribbon, see the section entitled “Installing the Ribbon Cartridge,” in the *Installation Guide*.

Use the printing test function to check printing. See “Testing the Printer,” in the *Installation Guide*.
