Request for placing FCC statement in User's Guide

To Whom It May Concern:

This letter serves as an official request for placing the statement of part 15.19 paragraph a (3) in the User's Guide accompanying the product, instead of on the actual product. The reason for this request is that the size of the product is too small to accommodate the entire statement on the product itself. This request is done in relation to part 15.19 paragraph a (5).

Please contact me if there is any information you may need.

Sincerely,

Oskar Myhre Broberg
