05 Product Functions

- Intelligent visual design: Mobile phones and (pads) can be connected to the device wirelessly through APP to view pore cleaning images in real time and conduct visual cleaning management;
- WiFi automatic connection: Turn on the app device wireless signal and connect the mobile phone automatically after power on (Apple device needs to be connected manually for the first time);
- Hall switch: Open the cap and turn on the phone, automatically connect it, with faster response, easier operation and more convenient use;
- Magnetic charge: Put it on the charging port immediately to charge, which can avoid the damage of the charging port and prolong the service life of product
- IP65 dustproof and waterproof: Avoid dust entering, there is no need to worry about product damage due to accidental splashing in life, without deliberate protection, easy to take, free storage.

06 List of toxic and harmful substances

Part name	Harmful substances				
	Shell	Battery	LED components	Camera module	
Pb	○	○	○	○	○
Hg	○	○	○	○	○
Cd	○	○	○	○	○
Cr+6	○	○	○	○	○
PBB	○	○	○	○	○
PBDE	○	○	○	○	○

This form is made according to SJ/T 11364
○ It means that the content of toxic substance in all the homogeneous materials of the component is below the limit requirements stipulated in GB/T 26572 standard;
× It indicates that the content of toxic and harmful substance in one homogeneous material of the component exceeds the limit specified in GB/T 26572;
×*: It means that the content of toxic and harmful substance in one homogeneous material of the part exceeds the limit requirements specified in GB/T 26572 standard, but can be exempted by the European Union (EN ROHS).

07 Certificate of three guarantees

Users' information
Name: _____ Phone number: _____
Address: _____ Postcode: _____
E-mail: _____
Product information
Product name: _____
Purchase date: _____
Record of product maintenance
Delivery date: _____ Fault description & treatment results: _____ Date of inspection: _____ Signature of staff: _____
The warranty for non-man-made damage and failure is one year from the date of delivery. The following circumstances are not covered by the warranty:
1. Damage caused by unauthorized disassembly or repair without our authorization;
2. Damage caused by soaking, breaking, improper storage, etc. with our accessories;
3. The warranty certificate is not consistent with the product model and the damage is caused by force majeure;
4. Beyond the warranty period.
*We strictly implement the "Three Guarantees" policy. "Three Guarantees" policy and "Three Guarantees" certificate shall prevail if there is any discrepancy between the terms of service and "Three Guarantees".

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
2. any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the

interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
FCC Radiation Exposure Statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
This device meets the government's requirements for exposure to radio waves. This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy. The exposure standard for wireless device employs a unit of measurement known as the Specific Absorption Rate, or SAR.
The SAR limit set by the FCC is 1.6W/Kg. For body worn operation, this device has been tested and meets the FCC RF exposure guidelines for use with an accessory that contains no metal and be positioned a minimum of 5cm from the body. Use of other accessories may not ensure compliance with FCC RF exposure guidelines. If you do not use a body-worn accessory and are not holding the device at the ear, position the handset a minimum of 5 cm from your body when the device is switched on.
