

FCC ID: QTG-IFTXWH

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS OR CHANGE TO THIS EQUIPMENT. SUCH MODIFICATIONS OR CHANGE COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

instrucciones para los Toxix Wireless

1 Introducción

Enciende los auriculares Toxix Wireless y disfruta de un sonido de calidad superior.

2 Encendido y conexión

1. Para encender los auriculares Toxix Wireless, mantén pulsado el botón de Encendido durante tres segundos hasta que la luz parpadee en color rojo y azul para indicar que está en modo conexión. La próxima vez que enciendas tu Toxix, una LED azul parpadeará para indicar que está conectando.
2. Asegúrate de que la conexión Bluetooth® de tu dispositivo está activada y selecciona "IFROGZ Toxix Wireless". Completa cualquier paso adicional de conexión dependiendo de tu dispositivo. El LED parpadeará en color azul cada cinco segundos mientras los Toxix están encendidos y conectados.

3 Reproducción

1. Pulsa el botón de Reproducción para empezar a reproducir la música.
2. Mientras suena la música, pulsa Reproducción rápidamente para ponerla en pausa. Vuelve a pulsar Reproducción rápidamente para que suene de nuevo.
3. Pulsa rápidamente Subir Volumen o Bajar Volumen para controlar el volumen.
4. Mantén pulsado Subir Volumen o Bajar Volumen para pasar de pista hacia adelante o hacia atrás en tu lista de reproducción.

instrucciones para los Toxix Wireless

4 Responder llamadas

1. Pulsa el botón de Reproducción para responder a una llamada entrante.
2. Mantén pulsado el botón de Reproducción durante tres segundos para enviar la llamada al buzón de voz.
3. Para colgar, pulsa el botón de Reproducción durante la llamada.

5 Carga

Para cargar los auriculares Toxix Wireless, conecta el extremo micro USB del cable incluso al puerto debajo del auricular izquierdo y el extremo USB a la toma USB que prefieras. El LED se iluminará en color rojo mientras los Impulse se cargan y se apagará cuando estén completamente cargados.

Toxix Wireless Instructions

1 Introduction

Keep your music and calls easily within reach with IFROGZ Toxix Wireless headphones. Here's how to get the most out of them.

2 Power and Pair

1. To turn your Toxix on, press and hold the large multi-purpose Power/Play button on the outside of the right ear piece for six seconds until the LED flashes blue and red, indicating pairing mode. The next time you turn your headphones on, they will sync immediately.
2. Ensure your device's Bluetooth® connection is on and select "IFROGZ Toxix Wireless." Complete any additional pairing steps based on your device. A tone will sound and the LED will remain blue when your devices are successfully paired.
3. To turn your headphones off, press and hold the Power button for three seconds. A tone will sound and the LED will go dark, indicating that your headphones have powered off.

3 Play Music

1. Press the large multi-purpose Power/Play button on the outside of the right ear piece to begin playing your music.
2. While your music is playing, press the Power/Play button quickly to pause. Press Power/Play again to resume your music.
3. Press the Volume Up + or Volume Down - button to control your audio volume.
4. Press the Track Forward button > to move to the next track on your playlist. Press the Track Back button < to start a track again. Press the Track Back button < twice to move the previous track.

Toxix Wireless Instructions

4 Take Calls

1. Press the Power/Play button to answer an incoming call.
2. Press and hold the Power/Play button for three seconds to send an incoming call to your voicemail.
3. Press the Power/Play button during a call to disconnect.

5 Charge

To get the most out of your IFROGZ Toxix Wireless headphones, we recommend charging them for at least two hours before using them for the first time. To charge your Toxix, connect the micro USB end of the charging cable to your preferred USB outlet. The LED will light red while your headphones are charging and turn blue when they are fully charged.

instructions pour l'Toxix Wireless

1 Introduction

Alimenter les casques d'Toxix Wireless et avoir l'expérience de prime son déclenchée.

2 Alimenter et jumeler

1. Pour alimenter vos casques d'Toxix Wireless, appuyez et maintenez le bouton d'alimentation pendant trois secondes jusqu'à ce que la lumière clignote en rouge et bleu, indiquant le mode de jumelage. La prochaine fois que vous allumez votre Toxix, une LED bleue clignote, indiquant qu'il est train de jumeler.
2. Assurez-vous que la connexion de Bluetooth® de votre appareil est alimentée et sélectionnez "IFROGZ Toxix Wireless". Remplissez tous les étapes de jumelage supplémentaires en fonction de votre appareil. La LED clignote en bleu toutes les cinq secondes pendant que vos écouteurs sont allumés et appariés.
3. Pour éteindre vos Toxix, appuyez et maintenez le bouton d'alimentation pendant trois secondes. La LED clignote en rouge jusqu'à ce qu'ils soient éteints.

3 Jouer la musique

1. Appuyez sur le bouton de lecture pour commencer la lecture de votre musique.
2. Pendant que la musique joue, appuyez sur lecture rapidement pour faire une pause. Appuyez sur lecture rapidement à nouveau pour reprendre.
3. Appuyez rapidement sur les boutons de volume haut ou volume bas pour contrôler le volume d'audio.
4. Appuyer et maintenez les boutons de volume haut ou volume bas pour suivre avant et en arrière de votre liste de lecture.
