Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

FCC ID: QVBRT0300

Professional installation justification

Load Systems International confirms that the RT product series:

Won't be accessible by general public via retail sales or mail order, but sold by dealers only.

Required that the installation is done by a qualified technician with radio frequency knowledge, assuring the installation is compliant with the FCC regulation. Especially according to antenna.

Is intended to be used for industry and commercial applications, not general public.
