RE: Class II Permissive Change Request
FCC: QVHLIGHTCYCLE
Model(s): CD06, CF06

To Whom It May Concern:

Please be advised that the applicant requests that the above-referenced model be approved for class II permissive change.

The reason for the class II change is due to a change of enclosure and minor non-RF related component changes. The RF circuitry including antenna is identical to that approved in the original models under FCC ID: QVHLIGHTCYCLE.

Thank you for your attention to this matter.

Yours faithfully
