SUBJECT: FCC Class II Permissive Change for FCC ID: QYL8265NG, Model: 8265NGW

The intension of this application is to enable the modular FCC ID: QYL8265NG to be integrated in Getac Tablet, Model: RX10.

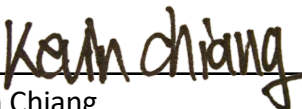

The modules mentioned above had approved and were electronically and mechanically identical to the original instructions and requirements. Therefore, we, Getac Technology Corporation, take the responsibility to ensure each module complied with all requirements after integration in host and when modules are transmitting simultaneously.

Besides, the software/firmware is also identical, and so additional DFS testing or Software Security descriptions are not required.

Power reduction in order to comply with SAR and RSE.

Should you have any enquiries or comments, please have my best attention.

Sincerely Yours,

Kevin Chiang
