To Whom It May Concern

This is to request for a Class II Permissive Change for FCC Certified Transmitter Module FCC ID: QZC-GNIC, QZC-GNICI to add the following Host model numbers:

- A4 Pro Electricity Meter

In addition, the following additional changes are being made to the module from the original approval:

- One additional internal antenna and two external antennas are added. These antennas are higher gain than the antenna(s) previously certified for use with this module. Radiated emissions data is provided for these new antennas and the original power data combined with the new gain values have been included to show compliance with output power limits.

If you have any questions regarding this application, please feel free to contact me.
