Re: FCC ID: QZC-RX2EA4F

To Whom It May Concern:

The following application is submitted on behalf of our client, Elster Solutions, LLC, for evaluation of their model RX2EA4F for modular approval certification under FCC Part 15.247.

The RX2EA4F module contains a frequency hopping spread spectrum radio operating in the 902.4 – 927.6 MHz ISM frequency band. The RX2EA4F forms a complete electricity meter when installed in a housing and meter base.

The RX2EA4F was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
