

To: Centre Testing International

From: Brigade Electronics Group PLC

Date: 15th May 2023

The main test model is DC-204-AI(NA)-C (For FCC) and series mode are, DC-204-AI(XXXXX), DC-204-AI(XXXXX)-C

Where "X" can represent any character for any associated variant. Bespoke models can have reduced electronic component population and cabling, software changes, customized settings or differing equipment connections. The appearance, structure, circuit schematic diagram, PCB layout, etc. are the same for both. The difference of the series models is due to reduced electronic components and cabling, software, customised settings or differing equipment connections.

Please test the main test model according to the relevant test requirements. Any subsequent matter of the series model is the responsibility of Brigade Electronics Group PLC.

Signature of authorising person

Position: Manager

A handwritten signature in black ink, appearing to read 'B. John', with a stylized flourish at the end.

Print name: Bernd John

On behalf of Brigade Electronics Group PLC
