Cover letter

FCC application for FCC ID: R72EZ1-400

Gentlemen:

1. We, E-TECH Co., Ltd., requires the Part 90 FCC grant list frequencies outside of Part 90 assignments because state and local government users specify operation outside of Part 90 so that they can interoperate with Federal agencies. The issue being that user's that are not under NTIA frequency coordination must use radios that have FCC approval.
2. This UHF transceiver that operated using frequency modulation(FM) incorporating traditional simplex transmission protocol (50%) duty and may be marketed to and used by employees for occupational operations, such as Federal and Public Safety agencies, e.g. police, fire and emergency medical, etc.
3. Maximum conducted power output according to 90.205(s) is 1.995 Watts. All qualified end users of this device must have the knowledge to control their exposure conditions and the exposure conditions of their passengers and bystanders, to comply with the General Population/Uncontrolled MPE limit and requirements. User must be provided with the antenna installation and transmitter operating conditions for satisfying RF exposure compliance.

Sincerely Yours,

Jong-woon Kim
/Director of R&D Center
