RE: Section 15.19 Labeling requirements  
FCC ID: R7C-F100

To Whom It May Concern:

The small size of the Firefly device prevents the 15.19 statement from being displayed on the device. As allowable per 15.19 the required text is placed in a prominent location in the user manual.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Murphy", written over a horizontal line.
