1	Power ON/OFF button
2	Next Track / Volume Increase + button
3	Play / Pause / Phone button
4	Previous Track / Volume Decrease - button
5	Mode button
6	Built-In Microphone
7	LED Light Indicator
8	Micro SD (TF) card slot
9	Auxiliary input
10	Charging port

INSTRUCTIONS FOR USE

Charging Instructions

- The Bluetooth Headphone comes with a built-in rechargeable battery. Before using it for the first time we recommend you charge the battery fully. Only use the supplied USB Cord to charge the Bluetooth Headphone. Please charge for about 2 hours.
- Connect the USB charging cord to a computer USB port or other suitable charging source and the Micro USB plug to the charging port of the device. The Red LED light turns on while the device is charging. It takes 2 hours for the unit to fully charge. When the battery is fully charged, Red LED light will turn off.

Turning on/off the device

- Press and hold the Power ON/OFF button for 3-4 seconds to turn ON the device, or 1-2 seconds to turn OFF.

Pairing the Headphone with Bluetooth devices (phone or music device)

- Ensure the Headphone is turned off, and then press and hold the Power ON/OFF button for 3-4 seconds to turn on following an indication tone. Blue LED lights will flash rapidly. Place the Headphone and Bluetooth device (phone or music device) no further than 3 feet apart from each other.
- Activate the Bluetooth function on your Bluetooth device (phone or music device). Please refer to the manufacturer's instructions for instructions on enabling Bluetooth on your device.
- Once you have activated Bluetooth on your device, select the "TWILIGHT" from the list of available Bluetooth devices.
- If required, enter the password '0000' to confirm & finalize pairing.
- Once paired successfully, another indication tone would be heard and the Blue LED would stay on.
- You can now start to use the Headphone.
- If pairing is unsuccessful, turn off the device first and then re-pair following the above steps.
- Once you have paired the Headphone with a device, the Headphone will remember this device and will pair automatically when the device's Bluetooth is activated and in range. You do not need to re-pair any previously connected devices.
- The Bluetooth Headphone will attempt to automatically connect to the last device it was paired with when switched on. If you want to pair it with a new device, please follow the steps outlined above.
- Once the Bluetooth Headphone is paired with your device the music will transmit through the Bluetooth Headphone. Please refer to your device's user manual for further information.

Function Summary

Listening to Music

- Once the Headphone is paired with your device you can stream music wirelessly through the Bluetooth Headphone. Should you encounter any problems while streaming please refer your device's user manual for further information.

- Certain functions and indication tone maybe vary depending on your mobile phone.

Listening to Music using Micro SD (TF) card slot

- Turn on the Headphone.
- Insert Micro SD (TF) card into the Micro SD (TF) card slot, and music would be automatically streamed.
- Press / or / to move forward or backward on your playlist.
- Press Play / Pause button to Play or Pause a track.
- Long press the + or - button to increase or decrease the volume.

Note: While using Bluetooth, if you insert Micro SD card, Headphone would disconnect the Bluetooth connection and switch to Micro SD (TF) card function. You can press Mode button again, to select the Bluetooth mode.

Tips!!

- Press the Mode button to switch different functions of the Headphone. The functions are – Bluetooth / Micro SD (TF) card.
- When the headphone is not in use, turn it OFF to save the battery power.

Listening to Music using AUX-In Mode

- Insert the 3.5mm auxiliary cord (Included) in to the Aux input of the Headphone. And, the other end of the cord connects to the audio device (such as cell phone / computer / tablet etc.).
- Select your favorite song at the source device and play.

(Note: Using this Aux-in mode, you do not need to turn on the Headphone, and you need to control the volume increase/decrease, play/pause, next/previous track through your source device.)

Do's and Don'ts

Do not play music at excessive levels. Damage to hearing and/or equipment may result.
Do not use outdoors in wet or in damp surroundings.

Care and Maintenance

Read the following recommendations before using the Bluetooth Headphone. Following these you will be able to enjoy the product for many years.

- Do not expose the Bluetooth Headphone to liquid, moisture or humidity to avoid the

product's internal circuit being affected.

- Don't use abrasive cleaning solvents to clean the device.
- Do not expose the device to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the device in a fire as it will result in an explosion.
- Don't expose the device to contact with sharp objects as this will cause scratches and damage.
- Don't let the device fall on the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the device as it may get damaged if you are not professional.

Specifications

Working time	Up to 8 hours
Charging input voltage	DC 5V
Charging time	About 2 hours
Built-In Battery	300mAh
Micro SD card	Support up to 32GB

(Note: Battery life & charging time may vary based on usage & types of devices used.)

FCC Instructions

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two

conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
