FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and/or uses radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Increase the separation between the equipment and receiver. - Connect the equipment to a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help.

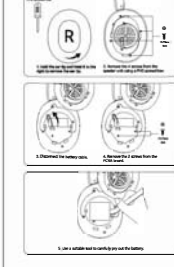

IC STATEMENT

This device complies with the essential requirements of the EMC Directive (2014/53/EU) and the Low Voltage Directive (2014/35/EU) when used in accordance with the instructions. The device is designed to be used in accordance with the instructions. The device is designed to be used in accordance with the instructions. The device is designed to be used in accordance with the instructions. The device is designed to be used in accordance with the instructions.

SAFETY INSTRUCTIONS

1. Please read this user manual carefully before using the product and keep it for future reference. 2. Before first use, fully charge the product. 3. This product should not be used for extended periods of time without being fully charged. 4. Do not use the product in the presence of flammable or explosive materials. 5. Do not use the product in the presence of flammable or explosive materials. 6. Do not use the product in the presence of flammable or explosive materials. 7. Do not use the product in the presence of flammable or explosive materials.
