Apple Find My

An Tag Manual

Important tips: When pairing a device with Find My® app, the phone will link to the Apple® Server . Pairing may fail because of network problems. The following actions are recommended: Change the phone' s network, such as switching between WiFi and mobile network.

- 01. Getting Started
- 02. Add Your An Tag
- 03. Locate Your An Tag
- 04. Notifications
- 05. When Your An Tag Is Lost
- 06. Resetting An Tag
- 07. Extras
- 08. The Fine Print
- 09. About Apple Find My

01. Getting Started

01.1 Power On / Off:

Remove the insulating film to turn on the device.
After powering on, please connect the device within 3 minutes. Otherwise, the device will automatically shut down. If you fail to connect the device successfully within 3 minutes, please rotate the battery cover counterclockwise, reinstall the battery to restart the device.

01.2 Check For Updates:

To use the Apple® Find My® app to locate this item, the latest version of iOS®, iPadOS®, or macOS® is recommended. The Find Items app on Apple Watch® requires the latest version of watchOS®.

02. Add Your An Tag

02.1 Start The App

Open Find My app on your supported iPhone®.

02.2 Connect Your An Tag

Click on the item option at the bottom of the Find app, then click on "Add item."

Select Other supported item and wait for the app to search for the item.

Once your An Tag is located, tap "connect"

Enter a name And choose An emoji for your An Tag And tap "Continue".

Find My will ask for confirmation to add your An Tag to your Apple ID Tap "Agree"

Tap "Finish" And your An Tag will be set up And ready to be used.

03. Locate Your An Tag

03.1 Find An Tag When It's Nearby:

Open Find My app And select the "Items" tab or open the Find Items app on your Apple Watch.

Tap on your An Tag from the list.

Tap "Play Sound" to make your An Tag beep.

Tap "Stop Sound" to stop the beeps once you find.

03.2 Find An Tag's Location:

Open Find My app And select the "Items" tab or open the Find Items app on your Apple Watch.

Tap on your An Tag from the list.

Your An Tag's location will appear on the Map with a time stamp of when the item was located.

To navigate to the An Tag's location, tap "Directions" to open Apple Maps .

04. Notifications

0.1 Enabling "Notify When Left Behind":

Open Find My app And select the "Items" tab or open the Find Items app on your Apple Watch.

Tap on your An Tag from the list.

Under "Notifications" enable the "Notify When Left Behind" toggle.

You will receive a notification when you leave your An Tag behind And it's no longer in range of your device.

04.2 Enabling "Notify When Found":

Under "Notifications", enable the "Notify When Found" toggle.

When your An Tag is seen by Another Find My network device, you will receive a notification of its location.

Note : " Notify When Found" cAn only be activated when your An Tag is out of rAnge.

05. When Your An Tag Is Lost

05.1 Enabling "Lost Mode":

Open Find My app And select the "Items" tab or open the Find Items app on your Apple Watch.

Tap on your An Tag from the list.

Under "Lost Mode" tap "Enable"

A screen detailing Lost Mode will pop up, tap "Continue"

Enter your phone number or email address And tap "Next".

You may enter a message that will be shared with the person that finds your item.

Tap "Activate" to enable "Lost Mode"

Note: When "Lost Mode" is enabled, "Notify When Found" is automatically enabled.

Note: When " Lost Mode" is enabled, your An Tag is locked And cAnnot be paired to a new device.

06. Resetting An Tag

06.1 Remove The An Tag From Find My App:

Open Find My app And select the "Items" tab.

Tap on your An Tag from the list.

please ensure "Lost Mode" is disabled.

Scroll to the bottom of the screen And tap "Remove Item".

A summary will open, tap "Remove" to confirm.

06.1 Connect Your An Tag

After successfully removing the An Tag from Find My app.

Please rotate the battery cover counterclockwise, reinstall the battery to restart the device. Then the An Tag is now reset And ready to be paired to a new Apple ID.

07. Extras

07.1 Replace The Battery:

Rotate the battery cover on the back of your An Tag counter-clockwise and carefully open it. Replace it with a new CR2032 battery, placing its positive side upwards (with the text facing upwards). Then rotate the battery cover clockwise to close it.

07.2 Enabling "Notify When Found":

If any Find My network accessory separated from its owner is seen moving with you over time, you'll be notified in one of two ways:

1. If you have an iPhone, iPad®, Find My will send a notification to your Apple device. This feature is available on iOS or iPadOS 14.5 or later.
2. If you don't have an iOS device or a smartphone, a Find My network accessory that isn't with its owner for a period of time will emit a sound when it's moved.

These features were created specifically to discourage people from trying to track you without your knowledge.

08. The Fine Print
