Declaration on our FM Transmitter: TEX150LCD/S and TEX100LCD/S

Dear Sir or Madam,

R.V.R. USA with **Grantee's FCC Registration Number (FRN): 0009562489**

is located in USA at 7782 NW 46 Street in Miami - FL 33166.

We're submitting our application for two transmitter's certification: TEX150LCD/S and TEX100LCD/S under the same FCC ID: **RHDTEX-150LCDS**.

This letter is intended to declare that both models are electronically and mechanically identical.

The unique difference is in the RF Power Output.

The output power on the TEX100LCD/S FM transmitter is locked by firmware (not changeable from the end-user on the panel or via software) and blocking the power supply capacity.

Regards,

Andres Serrano
Manager
